Kansas Water Authority

Notice of Meeting

The Kansas Water Authority will meet Wednesday and Thursday, August 25-26, at the Best Western Red Coach Inn, 1301 E. First St., Newton. Each day's meeting will convene at 9 a.m. The motel is located at Exit 131 on Interstate 135. On Wednesday, August 25, the Kansas Water Authority's Committee of the Whole will recommend actions for consideration by the Kansas Water Authority on Thursday, August 26.

Kansas Water Plan Basin Issues. On August 25, a final draft of the plan to buy and manage the Circle K Ranch in Edwards County for multiple purposes will be presented. Authority members also will learn more about a proposed reservoir on Grouse Creek in Cowley County and consider a related recommendation on whether to pursue a feasibility study on the reservoir. The committee also will consider newly proposed high priority total maximum daily loads (TMDL) in the Neosho River basin, including Marion Reservoir. The Committee of the Whole will recommend actions on all basin issues.

Policy Studies Working Drafts. Working drafts of policy proposals on the state's Water Marketing Program, alternative dispute resolution for water resource conflicts, groundwater availability for public water suppliers, and reservoir restoration research and demonstration projects will be presented August 25. The Committee of the Whole will recommend actions on all policy working drafts.

Kansas Water Authority/Kansas Water Office Operations. Reports on the July/August round of the state's 12 river basin advisory committees and the meeting of the chairs of the committees will be presented on August 25. Nominees for vacancies on the basin advisory committees will be submitted to the full Authority for consideration.

Public Water Supply Operations. Numerous public water suppliers depend on Clinton Lake as a source of water. The Water Marketing Program allocation between users of Clinton Lake will be reported on August 25. Final findings and a short-term contract for one of the users, Douglas County Rural Water District (RWD) No. 3, will be reviewed. Preliminary findings prior to entering into a contract with Osage County Rural Water District No. 3 for water from Pomona Lake will be disclosed. In addition, the on-site technical assistance provided to public water suppliers by the Kansas Rural Water Association will be discussed. The Committee of the Whole will recommend actions on the final findings and contract for Douglas County RWD No. 3 and the preliminary findings for Osage County RWD No. 3.

FY 2006 State Water Plan Projects. On August 26, the Kansas Water Authority will review FY 2006 proposed State Water Plan projects and the related budget recommendations. Projects focus on four key areas: High Plains aquifer, watershed protection and restoration, regional public water supply strategies and water resource capital development projects. The Authority also will consider and take action on the recommendations of the Committee of the Whole from the previous day.

For more information on the meeting or for special accommodations at the meeting site, contact the Kansas Water Office at 1-888-KAN-WATER or (785) 296-3185. The full agenda and meeting materials will be posted prior to the meeting on the Kansas Water Office's Web site calendar at kwo.org.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:30 a.m. Thursday, October 21, in the fourth floor training room of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of one proposed new regulation and one proposed amended regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the chief engineer, Division of Water Resources, Kansas Department of Agriculture, Attention: Leslie Garner, 109 S.W. 9th, 4th Floor, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 5-3-29. The Neosho Basin Advisory Committee requested a moratorium on new applications to appropriate water in the Ozark and Springfield Plateau aquifers. K.A.R. 5-3-29 is a response to that request and will limit new appropriations of water in those aquifers to term permits, domestic use and temporary permits, and permits for five acre-feet or less, until a Water Issues Strategic Planning (WISP) Study can be completed to determine the safe yield of these aquifers in southeast Kansas. When the WISP study is complete and the safe yield of the aquifer determined, a decision will be made as to whether or not the area can be reopened to all types of new applications.

K.A.R. 5-3-4e. This is an amendment to an existing regulation that sets the Groundwater Source Formation codes that are used to identify aquifers from which water is withdrawn. The Ozark and Springfield Plateau aquifers were added, along with several other ones needed in other areas.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at (785) 296-4623 or fax (785) 368-6668. Handicapped parking is located at the southwest corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained by contacting the Department of Agriculture or by accessing the department's Web site at http://www.accesskansas.org/kda.

Request for Comments

In accordance with Federal Highway Administration and Federal Transit Administration requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a three-year period (October 1, 2004 to September 30, 2007). The STIP has been categorized into three general sections:

- 1. All street and highway projects administered by KDOT.
- 2. Statewide Public Transit Projects.
- 3. Federal Lands Highway Program Projects.

The comprehensive list of programmed projects provided under category one above includes all projects, regardless of funding source, to be administered by KDOT. This list includes projects for counties and cities and for projects on the state highway system. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP. Transportation Improvement Programs (TIP) for the urbanized areas in Kansas are included in this STIP by reference (Douglas County, Johnson County, Leavenworth County, Sedgwick County, Shawnee County and Wyandotte County).

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Office of Engineering Support, Room 761S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568, (785) 296-7940, fax (785) 296-0723

A draft copy is available for review at the following locations:

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated September 1, 2004, and will become due on September 1 in the years as follows:

	Principal
Year	Amount
2005	\$15,000

2006	15,000
2007	15,000
2008	15,000
2009	15,000
2010	15,000
2011	15,000
2012	15,000
2013	15,000
2014	15,000

The bonds will be subject to optional redemption prior to maturity as provided in the official notice of bond sale and preliminary official statement.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning March 1, 2005.

Optional Book-Entry-Only System

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through the Depository Trust Company, New York, New York.

Paying Agent and Bond Registrar

The Kansas State Treasurer, Topeka, Kansas, is designated as the paying agent and bond registrar.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States or a qualified financial surety bond in the amount of \$3,000 (2 percent of the principal amount of the bonds).

Delivery

The issuer will pay for printing the bonds and will deliver the same properly prepared, executed and registered at such bank or trust company in the contiguous United States as may be specified by the successful bidder without cost to the successful bidder within 45 days after the date of sale.

Assessed Valuation and Indebtedness

The total assessed valuation of taxable tangible property in the county for the year 2003 is \$33,405,792. The total general obligation indebtedness of the issuer as of the date of the bonds, including the bonds being sold, is \$400,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the issuer and delivered to the successful bidder when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the county clerk, (785) 743-5773.

Kansas Development Finance Authority Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 2, in the office of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The project shall be located as shown:

Project No. 000611—Maximum Principal Amount: \$101,000. Owner/Operator: Howard R. and Melissa L. Engle. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the Southwest Quarter of Section 26, Cheever Township, Dickinson County, Kansas, approximately 4 miles east of Talmage on Hwy. 18 and north 2.5 miles on Indy Road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Any individual affected by the above-described project may, at or prior to the hearing, file a written request with the KDFA that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 2, in the conference room in the office of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue approximately \$15,500,000 principal amount of Housing Development Revenue Bonds for Saddlewood Apartments Phase I, L.L.C., a Kansas limited partnership company, or an affiliated entity (the developer). The bonds will be issued, pursuant to K.S.A. 74-8901 *et seq.*, to finance the costs of construction of a 180-unit apartment complex to be operated as Saddlewood Apartments I in Olathe, Johnson County, Kansas, and related improvements and equipment to be used for public housing purposes (the project).

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the developer, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

State Corporation Commission

Notice of Hearing

The State Corporation Commission, pursuant to K.S.A. 55-703, has directed that an investigation be instituted to determine the reasonable market demand for gas produced from the fields listed below for the period extending from October 1, 2004 through March 31, 2005, both inclusive; to determine the deliverability and acreage attributable to each of the wells therein; and to fix gas production percentages, quotas and allowables for wells within said fields for said proration period:

- Hugoton gas field in Kearny, Finney, Grant, Haskell, Morton, Stevens, Seward, Stanton, Hamilton, Wichita and Gray counties
- Panoma-Council Grove gas field in Finney, Grant, Hamilton, Haskell, Kearny, Morton, Stanton, Stevens, Wichita and Seward counties
- Greenwood gas field in Morton County
- Glick (Mississippi) gas pool in Barber, Comanche and Kiowa counties

A hearing will be conducted, if necessary, under the terms of the commission's order dated June 17, 2004, at 10 a.m. Thursday, September 16, at the State Corporation Commission's office, Room 2078, Finney State Office Building, 130 S. Market, Wichita.

All transporters of gas produced from said fields are hereby notified to furnish to the State Corporation Commission their nominations from said fields for the calendar months included in said proration period as provided in the above-cited commission order.

For more information, contact John McCannon, Assistant General Counsel, State Corporation Commission, Conservation Division, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202, (316) 337-6200.

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, October 21, at the State Corporation Commission office, 1500 S.W. Arrowhead Road, Topeka, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

The 60-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Comments may be submitted to John McCannon, Assistant General Counsel, State Corporation Commission, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202.

Any person requiring special accommodation under the Americans with Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Copies of the proposed regulations and the economic impact statements may be obtained at the Wichita address or from the commission's Web site at www.kcc.state.ks.us. Persons requesting a copy of the proposed regulations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction.

All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations. All written or oral comments submitted by interested parties on or before October 21 will be considered by the commission as a basis for making changes to these proposed permanent regulations.

The following is a brief summary of the proposed regulations and economic impact statements:

K.A.R. 82-3-108, K.A.R. 82-3-123, K.A.R. 82-3-123a, K.A.R. 82-3-138. K.A.R. 82-3-108 contains setback requirements and the procedure to obtain a well location exception to the general requirements. K.A.R. 82-3-123 and K.A.R. 82-3-123a allow commingling of production and

fluids respectively with an exemption for coalbed natural gas wells, and provide the process for filing an application for commingling. K.A.R. 82-3-138 identifies the required elements of an application and the procedure for submitting an application for a new pool certificate. The amendments to these regulations allow the Conservation Division of the commission to approve these applications in certain instances, without an order from the commission. These changes will improve efficiency, and minor wording and sentence structure changes have been made for clarification.

Economic Impact Statement: The amendments to these regulations will have no direct economic impact on the agency, other governmental agencies, industry or private citizens, but they will streamline the procedure for processing these applications.

K.A.R. 82-3-208 and K.A.R. 82-3-314. These regulations contain the requirements for obtaining a permit for venting or flaring of casinghead or natural gas with an exemption for coalbed natural gas. The amendments to these regulations establish the standard of care for operators engaging in venting or flaring activity, and contain minor wording and sentence structure changes for clarification.

Economic Impact Statement: The amendments to these regulations will have no direct economic impact on the agency, other governmental agencies, industry or private citizens.

K.A.R. 82-3-304 and K.A.R. 82-3-312. K.A.R. 82-3-304 contains testing requirements for gas wells and procedures for requesting an exemption to the annual testing requirements. K.A.R. 82-3-312 describes the method for determining the standard daily allowable for a well, the standard drilling unit, the acreage-attribution unit and the acreage attributable. These amendments add a procedure for requesting an exemption from the testing requirements of K.A.R. 82-3-304, an exemption for coalbed natural gas wells from the standard daily allowable requirement of K.A.R. 82-3-312, and minor wording and sentence structure changes for clarification.

Economic Impact Statement: The amendments to these regulations will have no direct economic impact on the agency, other governmental agencies, industry or private citizens.

K.A.R. 82-3-1005. This regulation contains the testing and inspection requirements for underground porosity gas storage facilities and gas storage wells. The amendment to this regulation adds two additional alternate tests that may be performed instead of the standard tests, with prior approval from the Conservation Division.

Economic Impact Statement: The amendment to this regulation will have no direct economic impact on the agency, other governmental agencies, industry or private citizens.

K.A.R. 82-3-301. This regulation is being revoked. Economic Impact Statement: Not applicable.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. The city of Holton Municipal Power Plant has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The city of Holton Municipal Power Plant owns and operates a municipal power plant located at 1012 New

Jersey Ave., Holton, Jackson County.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Northeast District Office, 800 W. 24th, Lawrence. To obtain or review the proposed permit and supporting documentation, contact Xiao Wu, (785) 296-1615, at the KDHE central office; and to review the proposed permit only, contact Pat Simpson, (785) 842-4600, at the KDHE Northeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Xiao Wu, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business September 20.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brie Wilkins, Bureau of Air and Radiation, not later than the close of business September 20 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity

during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Harriet Jones, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Water, will conduct a public hearing to consider the proposed revisions to the Kansas surface water quality standards, which consist of regulations K.A.R. 28-16-28b through K.A.R. 28-16-28g and K.A.R. 28-16-58. The hearing will be held via video conferencing at 2 p.m. Thursday, October 21, at the KDHE Northwest District Office, 2301 E. 13th, Hays; at the KDHE North Central District Office, 2501 Market Place, Suite D, Salina; at the KDHE Northeast District Office, 800 W. 24th, Lawrence; at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City; at the KDHE South Central District Office, 130 S. Market, sixth floor, Wichita; at the KDHE Southeast District Office 1500 W. 7th, Chanute; and at the Curtis State Office Building, IS Conference Room B, Garden Level, 1000 S.W. Jackson, Topeka. An informational session regarding the proposed revisions will be held prior to the hearing beginning at 1 p.m.

If there are technical difficulties with the video-style format of the hearing, the hearing officer will determine if an alternate hearing is necessary. If it is determined by the hearing officer that an alternate hearing is necessary, it would be held October 27 in Room 520 of the Curtis State Office Building, 1000 S.W. Jackson, Topeka. That hearing would begin at 2 p.m., with an informational meeting being held at 1 p.m.

General Comments: The Clean Water Act directs that states must update their water quality standards from time to time, but at least once every three years. KDHE started this triennial review process in the summer of 2002 with several meetings using a focus group. The focus group consisted of 13 members from the regulated community, regulators and environmental groups. The proposed regulations are the response of this process. A short summary of the pertinent proposed amendments follows:

K.A.R. 28-16-28b is the definition section of the surface water quality standards. There were several updates to the definition section, including the additions of an *E. coli* and public swimming beach definition, which corresponds to the change made to the bacterial indicator.

K.A.R. 28-16-28c is the antidegradation and mixing zone section of the surface water quality standards. A bacterial high flow exclusion was added to this section. Although no criteria was changed, KDHE will begin to use a modeling system to more accurately determine the appropriate size of a mixing zone.

K.A.R. 28-16-28d is the classification and use designation section of the surface water quality standards. This section was rearranged to address classification prior to use designation, because a waterbody must be classified before uses are designated. For classified surface waters other than classified stream segments, KDHE replaced the bacterial indicator of fecal coliform with *E. coli*.

K.A.R. 28-16-28e is the narrative and numeric criteria section of the surface water quality standards. KDHE moved all numeric criteria to a table format. The numeric tables were moved to an adopted by reference document known as the "Kansas Surface Water Quality Standards: Tables of Numeric Criteria." The move of the numeric criteria was made upon the request of the Department of Administration. Numeric criteria *E. coli* was added to the tables for classified surface waters other than classified stream segments.

K.A.R. 28-16-28f is the administrative section of the surface water quality standards. There were no criteria changes made to this section, only formatting changes based on the advice of the Department of Administration.

K.A.R. 28-16-28g is the Surface Water Register section of the Surface Water Quality Standards. The adoption by reference for the "Kansas Surface Water Register" was moved to this new section of the water quality standards to simplify the yearly updates to the register by the Bureau of Field Services.

K.A.R. 28-16-58 is the definition section for NPDES permitting. The date of the "Kansas Implementation Procedures: Wastewater Permitting" was changed to reflect the update to the implementation procedures due to the bacterial indicator change for classified surface waters other than classified stream segments.

The economic impact associated with these regulations is primarily expected to be borne by KDHE. The department has estimated an initial capital investment of approximately \$13,120 and an annual monitoring cost of approximately \$89,760.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to the hearing to Bret Holman, Kansas Department of Health and Environment, Bureau of Water, Suite 420, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612-1367, or by e-mail to bholman@kdhe.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing, as well as to submit their written comments at that time. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation.

Copies of the proposed amendments and the regulatory impact statement may be obtained by contacting Amy Williams at (785) 296-5506. Questions pertaining to these proposed amendments should be directed to Bret Holman, (785) 296-5508. The draft regulations and regulatory impact statement also are available on KDHE's Bureau of Water homepage at www.kdhe.state.ks.us/water in a PDF format. The draft regulations also are available via e-mail in a PDF format. E-mail requests should be sent to bholman@kdhe.state.ks.us.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and the regula-

tory impact statement and in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Amy Williams.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air and Radiation, will conduct a public hearing at 10:30 a.m. Wednesday, October 20, in the Prairie Conference Room, third floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed amendments to the following air quality regulations: K.A.R. 28-19-720 (new source performance standards), K.A.R. 28-19-735 (national emission standards for hazardous air pollutants) and K.A.R. 28-19-750 (hazardous air pollutants, maximum achievable control technology), and to consider the proposed adoption of new K.A.R. 28-19-750a (consolidated federal air regulations, synthetic organic chemical manufacturing industry).

K.A.R. 28-19-720 adopted the federal new source performance standards (NSPS) of 40 C.F.R. Part 60, establishing the standards as state-enforceable provisions. K.A.R. 28-19-735 adopted the federal National Emission Standards for Hazardous Air Pollutants (NESHAP) of 40 C.F.R. Part 61, establishing these standards as state-enforceable provisions. K.A.R. 28-19-750 adopted the federal emission standards for hazardous air pollutants for categories of sources (referred to as the maximum achievable control technology or "MACT" standards) of 40 C.F.R. Part 63, establishing these standards as state-enforceable provisions. The three state regulations became effective on January 23, 1995, and were amended subsequently to update the reference in the state regulations to the federal regulations in effect on July 1, 1998.

To keep the regulations current with federal requirements, the proposed amendments change the date of adoption-by-reference for the federal regulations to July 1, 2003. When applicable, Kansas sources of these air pollutants are already subject to these provisions as federal requirements. The state adoption does not change the substantive requirements to which these sources are subject and does not result in additional economic impacts on affected sources.

The economic impacts of the original federal rulemaking vary according to the source category, and specifically vary according to the type and size of operation, the technology employed and other factors unique to each source. For example, the EPA Economic Impact Analysis for the Portland cement MACT standards indicates that the compliance costs associated with these regulations may result in a price increase for Portland cement of between 1 and

2.5 percent. There are three facilities in Kansas affected by this regulation. For the rubber tire manufacturing MACT regulation, the EPA estimated in the final rule notice that the nationwide costs for the 43 facilities across the country to comply with this rule would total \$25,892,000. According to the estimate, this would result in a market price increase of \$0.03 per tire.

In certain cases, the rules incorporated into the state standards by the proposed amendments have the effect of reducing or delaying the economic impacts on sources, or have no economic impact. Of 151 facilities in the state subject to the NSPS standard for storage tanks in Subpart Kb, 111 are subject only to Kb. The federal rulemaking simplified monitoring and recordkeeping requirements making the regulatory requirements for these facilities less stringent.

New K.A.R. 28-19-750a will adopt federal provisions allowing specified synthetic organic chemical manufacturing sources to voluntarily operate pursuant to this consolidated air regulation, which streamlines some of the various requirements. Currently, such sources are, or may be, subject to numerous separate requirements that are difficult to track and may conflict with other requirements. The consolidated rule attempts to eliminate potential conflicts and harmonize the requirements to ease the regulatory burden on the facilities. As it is a voluntary option designed to streamline the regulatory requirements for sources, no cost impacts are expected.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Ralph J. Kieffer, Kansas Department of Health and Environment, Bureau of Air and Radiation, Suite 310, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612, by fax to (785) 296-7455, or by e-mail to rkieffer@kdhe.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing. Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of April Romero for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before September 18 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-245/248, KS-04-179/181, KS-ND-04-014) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:
